

EFG014458

EFG Tab S screens

EFG Tab S is a screen with good damping and sound-absorbing properties. The screens provide privacy while contributing to better acoustics in the room. Tab S is available in three variants; as a desk screen Tab S Table, floor screen Tab S Floor and wall screen Tab S Wall.

Product info

EFG TAB S TABLE table screen

Upholstered on two sides with fabric in one colour. The screen is mounted on the table top using angled brackets (2 or 3 are included). Pre-drilled holes with fixed positioning. Height from table top to top of the screen is 400 mm. Fits all EFG work tables except Team Pro and EFG Izi. Fittings for mounting included. Can be combined with several accessories from the EFG Add series. Not suited for sliding top in the standard version.

Measurements:

Height 600 mm, widths: 800, 900, 1000, 1200, 1400, 1600, 1800, 2000 mm

EFG TAB S FLOOR floor screen

Upholstered on two sides with fabric in one colour. On larger screens, the fabric may be joined. The seam is placed vertically at the centre of the screen. Place screen on the floor as a divider or sound absorbent. Multiple screens can be connected with fittings in straight-, 90 degree-, 120 degree-, T- and X- connections. EFG Tab S Floor can be combined with several items from the EFG Add accessory series.

Measurements:

Height 1400 mm, widths: 800, 1000, 1200 mm.

Height 1600 mm, widths: 800, 1000, 1200, 1400, 1600 mm

EFG TAB S WALL wall screen

Upholstered on the front and sides with fabric in one colour. Wall-mounted, fittings for mounting included.
