STOCKHOLM FURNITURE FAIR

Team **EFGuk** have missed our annual pilgrimage to **Stockholm Furniture Fair** this year, for some of us it will have been the last trip we had taken before the world well, changed a little..

As a quick hello and to fill you in on some exciting product updates from our SAVO and EFG partner brands we have compiled a few of this year's highlights over the next few pages.

Pricing is available now for all products and we have our complete 2021 Pricelist due for release this March.

We would like to thank all of our previous SFF attendees for investing your time with us and are wishing you and yours all the best for the year ahead.

Thank You!

NEW

SAVO 360

Intuitive design for better sitting

The aim with Savo 360 was to create a simple, attractive chair with a unique design that could work as a crossover between different uses. It is exactly what you'd want it to be - an office chair, meeting chair, a chair for the reception area or a seat for a co-working space. It's an item of furniture that's very easy to position in different environments and exploits spaces between rooms and other areas effectively.

Savo 360 has been developed with both the office and home office in mind. Its convenience, practical size and high levels of ergonomics and customisation make it ideal for use in a domestic or commercial environment.

Sustainable by design:

- 68% recycled material
- 26% FSC certified wood
- All parts are replaceable and recyclable
- Less space during transit than many other classic office chairs

NEW

NEET SIT-STAND

Neet, is set to disrupt the market and create meaningful change in the UK's sedentary workplace.

Imagine an electric sit-stand desk, with the quality and sustainability credentials that our Scandi brands are always known for - available within the same price range as a static desk... game changing.

Neet has been developed in response to EFG's commitment to making activity based working accessible for all.

The innovative, user friendly build experience and much improved build time for a desk of it's type (8 minutes - click and connect) means that Neet has come at a perfect time to support our booming home worker communities and is something truly exciting for businesses of all sizes.

Sweden - the UK thanks you!

Pricing available now!

YOYO MESH TASK CHAIR

Yoyo was launched during Stockholm Design Week 2020 - **boasting many key elements required of an ergonomic, flexible office chair at an introductory price - it is no wonder how quickly it has become a specification favourite.**

Specification:

- Automatic leaning resistance
- Adjustable seat slide
- Adjustable lumbar
- Adjustable armrests
- Airating Mesh Back
- Black or White frame and mesh
- Sustainable credentials

ZOE WOODEN CHAIR

Zoe, which means "life"

EFG strives to produce furniture with minimal environmental impact. Our durable wooden chair Zoe is ideal in interior design concepts where you want to create a warm and vibrant feeling.

EVO LOUNGE CHAIR

Evo is a wooden armchair that captures a feeling that can be found in traditional Scandinavian wood working combined with sustainable and innovative design.

Designed by Jonas Forsman, produced by EFG, and featuring a bespoke 3D knitted mesh by Camira Fabrics - it is a sustainable, stylish and comfortable alternative to foam wrapped lounge seating.

The combination of knitted textile and solid wood is not common in the furniture industry. We have managed to create a bespoke piece of furniture that cares about details and how it is put together.
